WARM, EDITORIAL IMAGES FOR THE MODERN COUPLE

Have you ever looked at a photograph and felt transported to another time and place?

Whether it's through the soft, dreamy light that catches on the veil, or the deep shadows that add a touch of intrigue, I want to document your story in the most relaxed and unobtrusive way.

I aim to create images that are timeless yet contemporary, where luxury intertwines with authenticity,

I want my couples to look back at their photos years from now and still feel the same love and excitement they felt on their wedding day.

Hey,
—I'm Rosie.

“After you left Matt’s dad asked us how long we had been friends with you for, and we explained that we had only met once prior to the wedding.

He genuinely couldn’t believe that you weren’t an old friend, which is a testament to how friendly and easy to talk you are”

I'm Rosie, a full-time wedding photographer based in the North East.

I studied Photography at Edinburgh University and graduated with a First Class degree, which definitely influences how I shoot & consider composition, lighting & narrative in an image.

I married my husband, Jack three years ago in Dumfries & Galloway, a special place close to our hearts. I learned SO much about the wedding planning process, the highs & the lows & the incredible feeling of being a bride. So I just love chatting all things weddings!

Last May, we welcomed our little girl Edie into our family. What a journey - I didn't know love like it was possible. I also love chatting about her too (but not in an insufferable way)

I love what I do, I am passionate about weddings but even more so about what makes your wedding unique—the people you love, the things that matter most to you, and the heart behind it all.

“You directed us when needed but for most of the time it was just like we were going about our day.

You were lovely to our wedding guests.

People thought you were a friend we had known for a long time!”

-Rebecca & Johnathon

My Approach

Here is a bit about the approach that I take, and the experience you're about to have with me...

I've come to see that the word 'clients' doesn't feel right for the couples I get to work with. Every booking fills me with so much excitement, because it means I get the chance to connect with new people and build relationships that go far beyond the photos.

I'll take a handful of important family formals but mostly I focus on peeling back the layers, capturing the unguarded moments, the stolen glances, the hand squeezes, and the raw emotions that make every wedding unique.

On the wedding day, I'll keep a watchful eye on the clock to keep things running smoothly so you don't have to. I am your cheerleader & confidant. I often receive feedback from my couples saying that they felt like I was just a part of the wedding party (which makes my heart sing!)

Kind Words

Oh my god - we couldn't BREATHE looking through our sneak peak photos. We're still in disbelief that there's more to come, you've captured so many amazing memories; we are unbelievably chuffed! You are so talented!

Every. Single. Guest. has mentioned to us how incredible you were on the day. We couldn't have asked for a better photographer to capture the dreamiest day of our life. I can't wait to see you at all my friends weddings because I know for a fact they'll be racing to book you when the time comes!

We both wanted to say a huge thank you for capturing our day. You made us feel so relaxed and at ease in front of the camera. From the very first email, to meeting you in Morpeth, to pretending to waving our paparazzi away - you have been so lovely! Thank you!!

Engagement Photos

"These are amazing!! We've just finished having a lovely evening with a glass of wine looking at them all and we are absolutely obsessed! We knew after we had met you and had the engagement shoot that they would be good but these are so beautiful, it was all down to you making us feel so comfortable. We both said as soon as you left that we felt like it was one of our friends taking the pictures. Thank you so much and we literally can't wait for the wedding day shoot now!"

Second Shooter

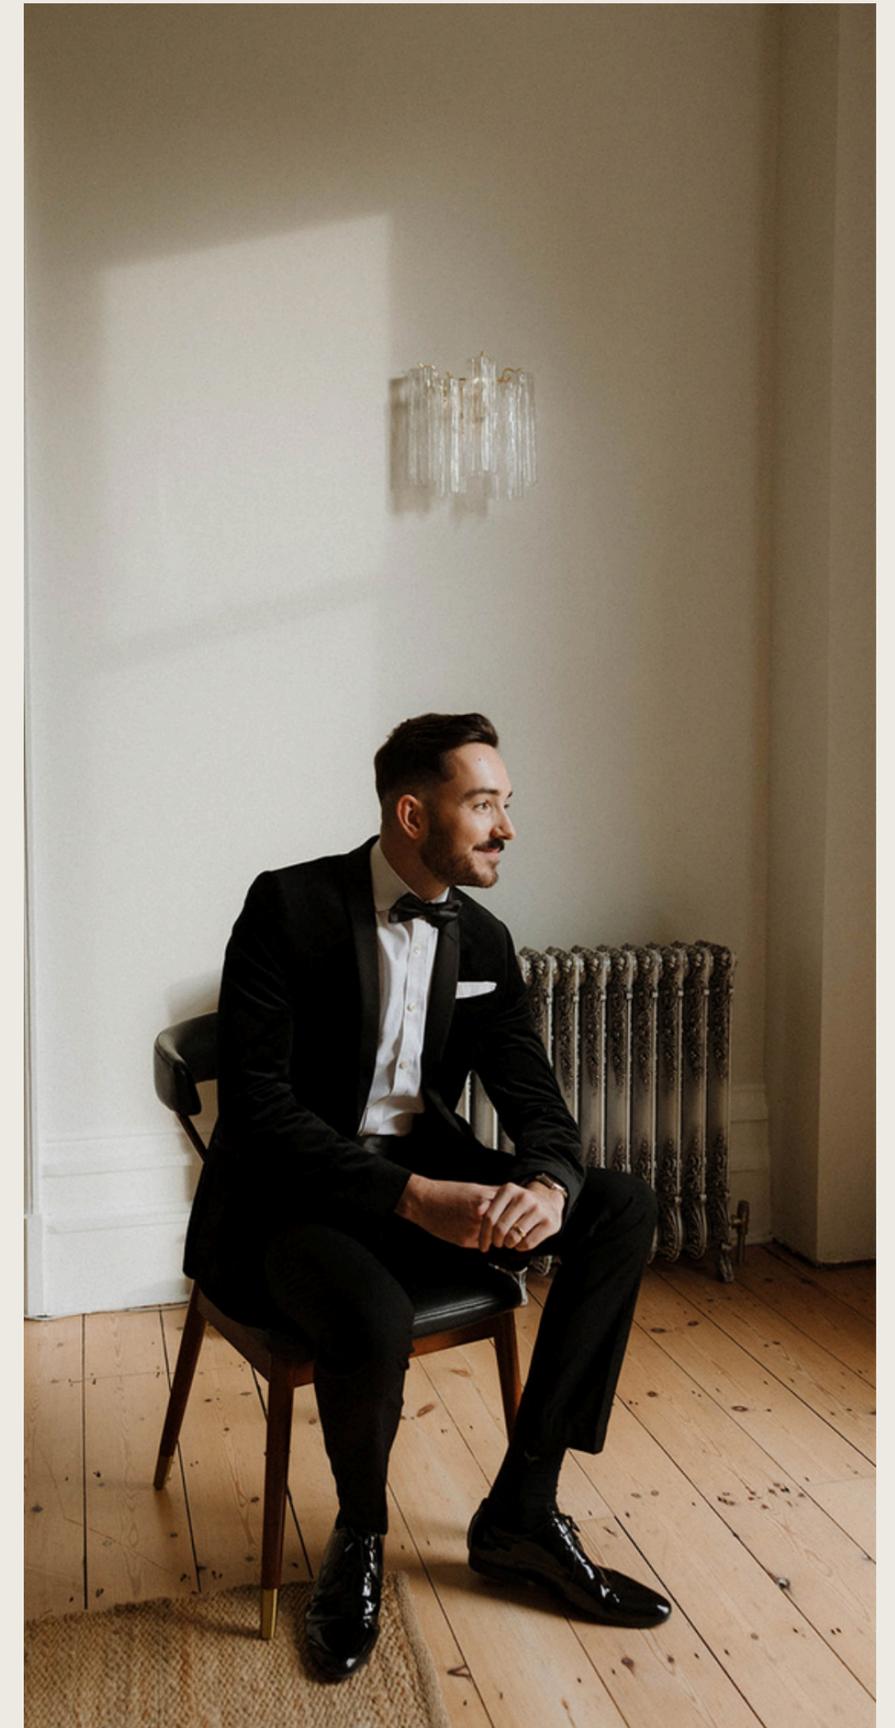

While I can easily shoot a wedding solo, but here's why your wedding may need a second shooter:

It means you will gain another perspective to the whole of the wedding day. The main benefit is you will receive groom preparation images. It's always lovely to see both sides of the wedding prep in the morning.

Whilst I am photographing the formal family portraits, the second photographer can continue to snap away ensuring there are more candid photos of the guests during the drinks reception. You'll also naturally receive more photographs in the final gallery when two photographers are shooting all day!

From personal experience, in my own wedding photographs last year it was so lovely to see images of all the guests arriving at the church. These are shots you wouldn't otherwise see because I would either be with you or travelling to the ceremony myself!

How it all happens...

1 — Let's meet on Zoom

I really love meeting my couples face to face whether that be on Zoom or in person. That personal connection is so important. I'm happy to schedule a Zoom call before booking to answer any questions you may have

2 — Secure your date.

In order to officially book your wedding date with me, once you have both read & signed the contract electronically, I ask for a 20% booking fee via BACS and then the date is all yours & locked down in my diary.

3 — The planning process

I'm a bit of a wedding pro having shot for 5 years and planned my own, there's not much I don't know about the planning process. Suppliers, timings, venues, ask me anything, I am just at the other end of an email to help with planning!

4 — It's WEDDING DAY!

Relax, go with the flow, don't stress the small things. Trust in your suppliers, they know what they are doing! This means you can switch off, have fun enjoying one of the most amazing days of your life!

5 —

Within 24 hours of your wedding, I will send you a couple of photos over WhatsApp. A week later you'll have received your sneak peek gallery with 50+ edited photographs to show your family and friends whilst I start to edit the rest.

6 — 6-8 week gallery turnaround

I aim to have all your photos retouched and uploaded to your private online gallery within 6-8 weeks of the wedding date.

It's that easy. And I'll be there for you every step of the way - just an email or a DM away!

FAQS

What is your shooting style?

Long lists of formal group portraits & staged shots aren't really for me - of course I will capture the main family & bridal party group shots, but I believe the images you will look back on with the most fondness are candid 'in between' moments of your guests enjoying the wedding.

When it is just the two of you in front of the camera, I describe my direction as loosely guided with just enough prompts so that you know what to do with your hands but so that you are still comfortable as a couple and the photos are a true reflection of you both. I usually take you out twice during the day for 15-minute periods. I keep it short and sweet so you don't miss too much of your reception.

How do we book you?

Once you have sent me an enquiry through my website contact form, I will check my availability and get back to you within 48 hours.

I will then send you a bespoke wedding day quote and contract. I ask for a 20% booking fee in order to secure the date in my diary. Once this has all been received I will lock in your date and turn away any other enquiries.

How do we receive our final images?

I have recently updated my packaging and invested in something a little more luxurious & eco-friendly.

I will be posting out a stunning linen-bound A4 folio with 2 fine art prints. These prints are a stunning keepsake that will look so lovely framed & will hopefully take pride of place on your wall. You will also receive a card with a personalised link to your final online gallery. Follow this link to find your private online gallery all set up and ready for you.

Your private online gallery is really simple to share with your family and friends anywhere in the world. You can curate all your favourite shots so they're easy to find, order prints and albums.

Can I add a Second Shooter or Engagement Shoot later?

Yes, you can add either (or both!) options to your Signature Package at any point up until 4 weeks before the wedding date. This is just to allow time for me to find an available second shooter or schedule in an engagement shoot.

Kind Words

"The couple photos are like out of a magazine, they're everything I ever dreamt of. Thankyou for taking photos of all the little details and the food it means the world to have those memories.

My bridal prep and Chris' groom prep brought me to tears it felt like I was back there getting ready again you captured the feeling so well!!

The photos of the ceremony and speeches are breathtaking and everyone has commented how they didn't even realise you were taking photos!!

You made us (and our guests) feel so at ease and comfortable and the photos show so much happiness and love. You were so friendly and warm, everyone has said how lovely you were. My dad has met a lot of wedding photographers and said you stand out by a mile with your manner and talent.

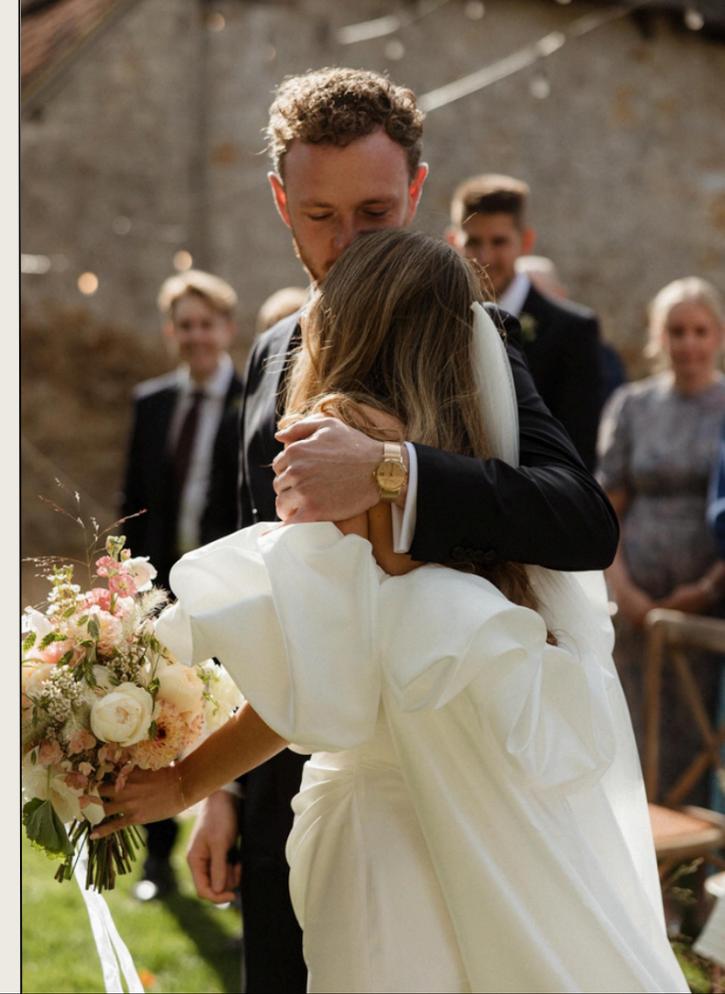

We honestly can't thank you enough for being part of our day and for the absolute gift of these photos, we will treasure them forever."
